The international technology and
startup event held as a part of
TEKNOFEST Aerospace and
Technology Festival

GLOBAL IMPACT

Since 2018, the summit has grown into the largest single gathering of startup ecosystem players, ranging from VCs to angels, CVCs, LPs, startups, mentors and corporations, all looking for the next big thing.

The main goal of the Take Off Startup Summit is to create an effective entrepreneurial environment, accelerate startups, and constitute collaboration among the key players in the sector.
